---

## EXPERIENCE

---

- I have had 4+ year experience with programming. **10.2017 – Present**
- I have developed a Driver's Status Checker System with Artificial Intelligence which checks if a driver is feeling sleepy, drowsy or actively driving. **08.2022**
- Developed a Pot Hole Detecting System with a team. **08.2022**
- Had my first internship program with GIT Plus Academy and created a social media website as an 'End of Internship' project. **10.2022 – 11.2022**
- Developed a web application where people can apply for jobs, courses and internships. **02.2023 – 03.2023**
- Built a Chat Application with MERN Stack **05.2023**
- Had my second internship program with Trestle Academy Ghana as an RPA Developer and a Project Manager. **05.2023 – 08.2023**
- Built a Hospital Management System with PHP, SQL, Bootstrap & AJAX **08.2023**
- Currently having my third internship with Trestle Academy Ghana as a Project Manager and a Developer; working with a team on a Food Distribution System that connects surplus food owners to those in need. **09.2023 – 10.2023**
- Designed an E-commence mobile app UI with React Native **10.2023 – 12.2023**
- Built a School Fee Payment System for Additrom School as my Final Year School Project **04.2024 – Present**
